8th February 2021

Dear Parents & Carers,

Thank you once again for all the support and encouragement you are giving your child both at home and at school with their learning. I know personally, it's not an easy task in these current circumstances!

It's important that not only do the children at home attend the live lessons and watch the recordings but also submit their work on time to their teacher so they can receive feedback on what they have produced and teachers can assess your child's ongoing learning development. Thank you.

School Re-opening

As stated by the Prime Minister, he will outline a road map of dates when the country will begin to move out of Lockdown measures and when schools will re-open which will be from Monday 8th March, at the earliest. If I receive any further updates through the Department for Education, I will pass them on.

Parents' Consultations

You will have an opportunity to discuss your child's on-going progress during week beginning Monday 22nd March. In due course, we will inform you in what form these will be conducted.

Reading Strategies

English Lead Mrs Cole has put together some strategies, names of Authors and useful website links to support your child with their reading development. Please take a look at the document, accompanying this letter.

Please note the school closes for half term on this coming Friday 12th February, re-opening on Monday 22nd February for the children we are currently supporting in school.

Thanks for your continued support, take care

Richard Unthank
Head Teacher
