

Crucial Crew

On Monday 19th June, 42 year 6 pupils attended the annual event 'Crucial Crew' which is ran at Redcar College. The children attended 7 workshops covering a wide range of dangers: online/social media issues, railway safety, water safety, relationship support advice, fire safety, what to do in an emergency and electrical safety. This is an event we like to attend every year so that the children gain valuable life-knowledge for how to keep themselves safe.
