

E-Safety

On Friday 9th October, Pete Davies, a Child Protection Consultant, spent the day in School delivering messages on how to stay safe online to Years 1-6, as well as holding two parent sessions-one at the beginning, and one at the end of the day. The children seemed positive about being able to stay safe online, being aware of what to do when something that 'gives them butterflies' happens- Tell a parent or adult you trust!
