We have faith in our children

Introduction

This policy was reviewed and updated in March 2021

Vision Statement

We are a fully inclusive school at the heart of the community which encourages learning by providing a welcoming, friendly and nurturing environment rooted in our four Christian Values. These Christian values are central to the ethos of the school, and its teaching, ensuring that every member of the school community, through care and compassion, are treated with the utmost respect as we aim to teach acceptance in a changing world, offering the best possible opportunities and experiences to enable everyone to flourish and fulfil their full potential as a child of God.

1. Purpose of the Document

As a result of this policy we will:

- Ensure that all members of the school community feel safe, secure and happy
- Ensure that equality of access to all aspects of school life exists for everyone
- Actively develop the self-esteem and the self-respect of all members of the school community
- Ensure that educational provision is relevant and accessible to our increasingly diverse society
- Actively challenge all forms of bullying, harassment, prejudice and stereotyping
- Ensure that the curriculum actively promotes equality of opportunity regardless of age, disability, gender, race, religion and belief, socio-economic background and sexuality
- Actively engage the support and the commitment of the whole school community in achieving the above aims.

2. Equality, Diversity and Community Cohesion Statement

We will not tolerate less favourable treatment of anyone, particularly in relation to age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, or sexuality.

Through our school ethos, curriculum and community links, we will work towards:

- a common vision
- a sense of belonging for all
- similar life opportunities for all
- strong and positive relationships between different communities.

Through the Equality, Diversity and Community Cohesion Policy, St Peter's CE Primary School seeks to ensure that no member of the school community, or any person through their contact with the school, receives less favourable treatment on any grounds which cannot be justified. Consequently, this not only covers the 9 protected characteristics of age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, and sexuality, but also relates to socio-economic

background, where people reside, those responsible for children or other dependents, those who engage in political or trade union activities, and those with spent convictions.

Commitment to equality, diversity and community cohesion is more than just meeting legal obligations or targets. It's about making a difference to the lives of the people we serve, treating all people with dignity and respect, and recognising the value of each individual. This implies an ongoing commitment to ensuring that our services meet the varied and individual needs of all the children in our school. We will make sure that our employment practices are fair, promote equality and value diversity. We will actively value the wide variety of lifestyles and cultures which exist locally and nationally. We will prepare children and young people for life in a diverse society with ever-increasing global connections, and help them to deal in an informed manner with sometimes controversial issues.

We will ensure that the principles of this policy are reflected in all our policies, practices, procedures and services and are part of everything we do.

St Peter's CE Primary School is a school of average size, where the majority of pupils are of White English heritage. One pupil has English as a second language. The number of pupils eligible for free school meals is above the national average. The percentage of pupils with learning difficulties and/or disabilities is above the national average. The school has achieved the National Healthy School Status, UNICEF Rights Respecting School Level 1, Active Mark for PE and School Sport and Eco Green Flag Ambassador status.

3. Guiding Principles

These principles have been drawn from a specimen school policy for equality and diversity prepared by the DfE and we at St Peter's C of E Primary School fully endorse and accept them.

Principle 1: All learners are of equal value

All learners and potential learners are of equal value and benefit equally from school policies, practices and programmes, whatever their ability, background, gender or cultural identity.

Principle 2: Relevant differences are recognised

Treating people equally can mean treating them differently. Policies, practices and programmes do not discriminate, but may be differentiated to take account of differences of life experience, outlook and background, and in the kinds of barrier and disadvantage which people may face.

Principle 3: We foster positive attitudes, relationships and a shared sense of belonging

Policies, practices and programmes promote:

Positive attitudes and interactions

Mutual respect and good relations

An absence of harassment or prejudice-related bullying between people of different ability, background, gender or cultural identity.

Principle 4: Equality of opportunity determines staff recruitment, retention and development

Policies and procedures benefit all employees and potential employees in recruitment, professional development and promotion. Steps are taken to positively promote equality, especially where there is evidence of inequality.

Principle 5: Current inequalities and barriers are addressed and reduced

In addition to avoiding or minimising possible negative impacts of policies, we take opportunities to maximise positive impacts by addressing, reducing and removing inequalities and barriers that already exist between people of different ability, background, gender or cultural identity.

Principle 6: Policy development involves widespread consultation and involvement

People affected by a policy are consulted and involved in the design of new policies, and in the review of existing ones. Such consultation is both direct and through representative organisations, and is based on principles of transparency and accountability. It involves those who in the past have been excluded or disadvantaged, and who continue to face barriers.

Principle 7: Society as a whole benefits

Policies benefit society as a whole, locally, nationally and internationally, by fostering greater cohesion and greater participation in public life of people of different ability, background, gender or cultural identity.

4. Equality and Diversity Legislation and best practice advice

In drawing up this policy, consideration has been given to the following Acts of Parliament and documents:

6. Monitoring, Reviewing and Assessing Impact

The Equality and Diversity Policy will be reviewed once a year by staff and governors to ensure it is effective in tackling discrimination, in promoting access and participation, and in promoting equality and good relations between different groups, and that it does not disadvantage particular sections of the school community. Four years following its adoption, the Governing Body will decide whether the policy needs amending in the light of new legislation and/or best practice advice.

This policy is supported by the school's Single Equality Scheme and related action plans. The Single Equality Scheme and related action plans are reviewed annually and new targets written. The School Development Plan (SDP) forms an essential part of the school's commitments to equality, diversity and community cohesion. The SDP includes targets determined by the governing body for inclusion, equality and diversity in the school, for promoting a cohesive community, and for equality in the workforce. It also ensures other school policies address equality issues.

A named member of staff and a named governor responsible for equality and diversity monitor specific outcomes annually.

The Key Indicators provided by the DFE are used to help evaluate the effectiveness of our Equality, Diversity and Community Cohesion Policy. (see appendix 2)

The Headteacher provides monitoring reports for review by the Governing Body. These include information about: school population, workforce recruitment, retention and progression, special initiatives, progress against Key Indicators and targets, and future plans. Normally the reports will be found in the Headteacher's Report to Governors.

Appendix 1

Community Cohesion

A **cohesive** community is one where:

There is a common vision for all communities, an emphasis on articulating what binds communities together rather than what differences divide them, a sense of belonging, of identifying with the neighbourhood and of 'looking out for each other'.

There is a commitment to equality and social justice.

The diversity of people's different backgrounds and circumstances is appreciated, respected and protected, in order to support integration and cohesion in changing communities

People have similar life opportunities, irrespective of background.

Everyone understands their rights and responsibilities and is encouraged to participate at all levels.

Strong and positive relationships are developed between people from different backgrounds in the workplace, in schools and within neighbourhoods.

The National Community Cohesion Standards are framed by four strategic aims:

- Close the attainment and achievement gap between different groups of people
- Develop common values of citizenship based on dialogue, mutual respect and acceptance of diversity
- Contribute to building good community relations and challenge all types of discrimination and inequality
- Remove the barriers to access, participation, progression, attainment and achievement.

The DCSF Guidance on the duty to promote community cohesion suggests that a school's contribution to community cohesion relates, above all, to:

Relationships and ethos – to foster behaviour based on rights, responsibilities and mutual respect between all members of the school community, to support pupils' personal development and well-being, and to address all forms of prejudice-related bullying.

Teaching, learning and the curriculum – to teach pupils to understand others, to promote common values and to value diversity, to promote awareness of human rights and of the responsibility to uphold and defend them, and to develop the skills of participation and responsible action.

Equity and excellence – to ensure equal opportunities for all to succeed at the highest level possible, removing barriers to access and participation in learning and wider activities and eliminating variations in outcomes for different groups.

Engagement and extended services – to provide a means for children, young people and their families to interact with people from different backgrounds and build positive

relations, including links with different school communities locally, nationally and internationally.

In order to achieve a **cohesive community**, we recognise that we need to:

- Promote understanding and engagement between communities.
- Encourage all children and families to feel part of the wider community.
- Understand the needs and hopes of all our communities.
- Tackle discrimination.
- Increase life opportunities for all.
- Ensure teaching and the curriculum address issues of diversity.
