

## Eco-Schools Ambassador role for St. Peter's

St Peter's has been selected to hold the prestigious role of Eco-Schools Ambassador, along with four other schools across the country. Each year Eco-Schools choose exceptional schools across the country to represent their programme and encourage new schools to join. Schools hold the role for two years, and must have held the Eco-Schools Green Flag award for four consecutive years to be eligible to apply for the role.

Julia Lawson Teacher and Eco Coordinator said "I am delighted that the hard work and efforts of the Eco Team and Flower Pots Gardening Club has been suitably recognised by this prestigious award. I would like to thank all the children from across the school for their hard work and the dedication demonstrated by staff members and school governor Neil Selley. We will endeavour to take on this Ambassador role with pride and professionalism, using the increased level of motivation that this award has brought to St Peter's C of E Primary School."

We strive to provide a broad, balanced and stimulating curriculum for all our pupils and Eco work has a major role to play in achieving a cross curricular approach. I am delighted the school have been nominated to be an Ambassador following the retention of the Eco Green Flag since 2006. It is deserved recognition for all the hard work undertaken by the whole school community and we look forward to working in partnership with other schools.
