

## Linkindness

The Year 5 children have been working with staff from The Link on a project about kindness. The work included a kindness collage which contributed to them gaining an arts award. The children completed daily 'acts of kindness cards' which were added to a large jar. The Year 5s took part in 'Resilience Doughnut' which encouraged them to look at the many positive influences in their lives and how best they can use them when things get tough. Staff, children and parents collected toiletries which they then assembled as care packages for the local charity 'Eva Women's Aid'.

The project culminated in a celebration event at Saltburn Learning Campus. Our children performed their 'Kind Song' and were joined by the three other schools taking part in the project. We were awarded the 'Caring Award' for our charity work with Eva.
