

### Key Stage 1 visit Whitby

It is great to see our children enjoying offsite visits once again, we have really missed them during the Pandemic.

On Wednesday 23rd June, Year 1 and Year 2 children visited sunny Whitby. As part of our Captain Cook topic, the children enjoyed a tour around The Endeavour Experience. They found out about life onboard, including some gruesome facts about scurvy and details about some not so delicious food. It was safe to say, most of them would not have enjoyed being part of the crew.

Later on, the children enjoyed their lunch in Pannet Park and had lots of fun on the Playground. They found the statue of Captain Cook and took some time to sketch him and take in the sights of Whitby harbour where he would have worked and lived as a young man.

### PE & School Sport at St. Peter's

Over the last 2 weeks, we have enjoyed a fantastic return to festivals and competitions organised and ran by the Cleveland School Sports Partnership. All of the festivals and competitions followed national governing body guidelines in regards to Covid and social distancing and were strictly observed, providing everyone a safe and fun opportunity to participate.

We have enjoyed taking part in the Year 5 & 6 Boys & Girls Tag Rugby Festival with all teams competing well. Year 4 attended a Tri-Golf festival visiting Hunley Hall Golf Club to take part in golf skills and learn about the game, for some this was their first experience of golf and they thoroughly enjoyed it. We took two teams to this year's CSSP Netball festival, where there were 7 teams all playing each other in a round robin style league. The girls achieved winners and runners up spots! On Thursday 24<sup>th</sup> June, saw St Peter's host the Galileo Cup, a football competition for 8 schools within the Galileo Multi Academy Trust. St. Peter's achieved runners up spot to eventual winners Galley Hill Primary School, Guisborough.

### Re-wilding visit for Year 3/4

The year 3/4 children at St Peter's enjoyed a fantastic day at Rewilding Adventure Centre to extend their knowledge of The Stone Age. They participated in a range of exciting activities, including axe throwing, fire building and wood chopping. They also made some delicious bread that was cooked over the open fire, and produced some super work using the Japanese art of Hapa Zome. The children were also able to enjoy some great free play and explore the wonderful woodland, paddle in rivers and climb trees. The day was finished off with some delicious smores around the fire!

Best wishes, take care everyone,  
Richard Unthank,  
Head Teacher,
