

success as the children thoroughly enjoyed working there and lots of lovely feedback was received from visitors.

Harvest Eucharistic Service and Presentations to Parents

On Friday 15th October we held our first whole school Eucharistic Service inside in the Sports Hall since 2019. It was lovely to come together as a whole school to celebrate Harvest. The Worship Team joined Father Jonathan to lead the service with readings and prayers and we heard of the developments from the Congo Children's Trust. Over the last 3 years, the school has been raising money to support the building of a new school in the Democratic Republic of Congo to educate the 'Cobalt' children.

The school named Kimbilio is now built and ready to open to their new students and teachers. We watched a video of the construction and loved seeing the students dance in celebration. We are delighted with the contribution we have made so far and through the sale of produce from the Harvest Table we have now donated another £55.00 to support the purchase of resources. During the afternoon, we welcomed the parents to watch their children perform in musical presentations on the playground. It was great to see our school community come back together once again, long may it continue!

The Terrific Toy Museum

The children in Key Stage One worked very hard on planning, designing and making a Museum all about toys. They visited Kirkleatham Museum to learn about toys in the past and they used their learning to set up their own Museum for the rest of the school, parents and visitors to enjoy.

The children worked as curators of the Museum and helped others to learn about the history and workings of different toys. There were old toys to play with, a feely box, a guess the age of the toy and a very popular Punch and Judy show. Donations of interesting artefacts were loaned from parents, grandparents, teachers and Kirkleatham Museum. The Museum was a great

Harvest Prayer Spaces

To celebrate and explore this time of Harvest, the worship team and staff at St Peter's set up a range of Harvest prayer spaces in school. The stations focused upon giving thanks for different types of harvests, for example harvests of the garden, ocean, earth, and grain. This then culminated in a prayer space of thanksgiving, celebrating all that we have to be thankful for.

Each station had a reading from the bible and asked the children to reflect, before doing a different activity. The children planted bulbs, tasted bread, wove wool, made origami boats and drew gifts they would like to give to their family. Staff and children enjoyed exploring the prayer spaces and deepened their understanding of the significance of Harvest within the Church year.

Best wishes, take care everyone,
Richard Unthank,
Head Teacher,
St. Peter's C of E Primary School
