

Harvest at St. Peter's

On Thursday 20th October, Father Jonathan and the Worship Team led a wonderful Harvest Eucharist Service which included a presentation on some of the ways that we can save water with links to our Eco Team agenda.

The children wrote a prayer and Daniel played some of our favourite Autumn hymns on the piano. The children and staff enjoyed watching a video from the Kimbilio School in DR of Congo we have helped to build, the students thanked us for all our efforts over the last 4 years. The Worship Team held a cake sale to raise money for resources for the school. We are proud of our contributions so far and look forward to continuing our partnership with the school.

Mrs Kelly Dunn

We are sad to have said goodbye to Higher Level Teaching Assistant Mrs Dunn before half term. Mrs Dunn, a former pupil of the school, has successfully supported the children across school with her caring approach since 1998. She has also given incredible support to the school's fund-raising efforts to purchase the school mini-buses and to

help subsidise the many offsite visits we offer our children. We are thankful to her for all the support she has given the children and families over the years and wish her all the very best for the future as she spends more time with her family. This a photo of her at St. Peter's as part of St. Margaret's Church Centenary celebrations, Kelly is on the left.

Studying our Local History

As part of our local history topic looking at the impact the Ironstone Mines had on East Cleveland, Miss Foster's Year 6 class were the first of the three classes to visit Skinningrove before half term. This is in conjunction with the 'Land of Iron' Museum which will be reopening soon (formally known as Cleveland Ironstone Mining Museum). The class visited to view Skinningrove as it is today, and compared it with pictures of the village during the Ironstone Mining era. The children thoroughly enjoyed the visit and they can now recount the differences in Skinningrove from before, during and after the Ironstone Mining era.

Best wishes
Richard Unthank, Head Teacher, St. Peter's C of E Primary School
