## We have faith in our children

### Associate Head's lines

Thank you to all of the parents and family members who joined us for our World Book Day Celebration. It was wonderful to see so many of you and the children had some fantastic costumes.

I have the pleasure of handing out the weekly rewards to the children who are reading regularly; your support with listening to them makes a huge difference.

As I write this newsletter, our art work is being displayed for a competition across all of the Galileo schools. It looks amazing and the children should be very proud of themselves.

Have a lovely weekend when it arrives.  
Steve

Steve Woodhouse –  
Associate Headteacher

Thank you to those of you who have attended Parents' Evenings and for filling in our surveys. I will be looking at them carefully to see how we can continue to improve.

### Fun Fact of the Week

Alligators can live to be 80 years old!

## Toot Toot

On Wednesday morning, Miss Hunt spoke with the children in assembly about how they can use their Tootoot accounts to share any worries they may have, inside or outside of school.

The children (Year 2 and above) were provided with log in details and shown how to report any worries using the Tootoot website. Tootoot is essentially a digital worry box, allowing children to share concerns confidentially with a member of our safeguarding/pastoral team.

Anything shared will be discussed with parents/carers as well as the child. A link to the video shared can be found here: <https://www.youtube.com/watch?v=MEEVy4ho68s>

## Punctuality

Just a quick reminder to all parents: it's really important to be on time each day. Children arriving late miss important parts of their learning, which are very difficult to then catch up on.
